AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Womb Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration of the uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had sig. bilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LAREMER, M.D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 4th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

SUMMARY OF ENGLISH AND FOREIGN NEWS

The mail which arrived here on Thursday brings us English files to the 16th December, from which we glean the following brief summary:—The "Reform Demonstration," which took place at Beaufort House, and of which we had an electrical intimation some time ago, although in a sense formidable, proved a failure. The 200,000 who were to have rallied round the uplifted standard of Reform, dwindled down to 25,000, some authorities even go as low as 15,000. Bright made a speech which was suggestive of violence under the mask of predicting it. The press, or at least a portion of it, charges him with doing his best to intimidate the Government and instigate disorder—denounce his utterances as seditious and unbecoming a good subject, and a member of Parliament, and intimate that his political power is unmistakably on the wane from an injudicious use of it. The terrible colliery explosions, announced some time ago by telegraph, occupy considerable space in the English press, but no additionnal information worthy of note is afforded. The brother of Lord Lytton, Sir Henry Bulwer, the diplomatist, who has retired on his full service pension, is said to be importuning the Conservative Premier for a title. It is rumored that Sir Henry is about to form a matrimonial alliance with the great heiress of Wellesly and Grosvenor, but gossip hints at poverty as a probable bar to both. Sir Henry Storks left London on the 10th December, to resume the Government of Malta. The tact with which he discharged the difficult duties assigned to him in Jamaica appears to have somewhat elevated Sir Henry in the popular mind. The London papers record another of those strange freaks of fortune by which one James Radcliff, for some time past a pensioner of the London police fund, had come into the possession of funded property to the amount of £125,000 besides an estate which realizes £3,000 per annum. The trial of Lamirande, the absconding Paris banker, had taken place in Paris. The defendant handed in a bill of exceptions, taking the position that the Court had no jurisdiction in the case, that his arrest in Canada was illegal, and effected in violation of the Treaty of Extradition between Great Britain and France. The exceptions were overruled by the Court and Lamirande found guilty, with extenuating circumstances, and sentenced to 10 years' solitary confinement. The action for damages brought against the *Pall Mall Gazette* by Doctor Hunter, a practitioner of considerable notoriety in the United States and Canada, as well as in England, resulted in a verdict for the plaintiff with one farthing damages. The costs amounted to the snug little sum of £2,000. At a numerously attended meeting at Manchester, it was resolved to send a petition to parliament urging the desirableness of making complete provision for primary instruction of children of the poorer classes, with legal power to enforce attendance at school in certain cases of neglect. The Queen granted an annuity of £20 to William Bredway, who lost his right hand, and part of his arm in firing a salute at Wolverhampton.

The news from Australasia is to the 27th October; and is generally good. The *Sydney Herald* says the news for the month from the gold fields is highly encouraging. At Tambaroora a nugget weighing 87 oz. had been found. The quartz was yielding well, in one instance 400 oz. to eight tons of rock. Some very rich reefs had been discovered, and caused a rush. The Industrial Exhibition at Melbourne, was opened by the Governor. The collection is described as 'magnificent.' Robert Burke, the New South Wales outlaw, had been captured at Victoria, and was a prisoner in Melbourne Jail. A bill introduced in the Queensland Assembly to reduce the salary of the Governor, had been lost. In the South Australian Parliament the Government had introduced to both Houses resolutions for the abandonment of the northern territory, and for the repayment to purchasers of the money paid for land. The resolutions were carried in Council, but negatived in the Assembly.

ARE you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering & disease. While in this condition, oppressed by the derangements,

take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER, Sir: I have been repeatedly cured of the worst *headache* any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Fell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALANZO HALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the foundtains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse* the *stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ **Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.**

Price, 25 cents per Box, or 5 Boxes for $1.

After a long research, we are able to present the most present the most remarkable cure for these horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Mustang Liniment.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and weeney, the Mexican Mustang Liniment never fails.

For wind-galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings, are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped over and scalded my hands terribly. * * The Mustang Liniment extracted the pain, caused the sore to heal rapidly, and left very little scar.

CODVILLE LANDING!

Important to Packers, Stock Drivers, and the Public in General.

THE Public are respectfully informed that James Codville, of the wide renowned Codville Landing Ranch, is prepared to receive any number of animals and cattle to ranch this coming winter, on the most liberal terms.

Large Reductions from the regular price made in favor of trains.

Persons intending wintering their own stock can be accommodated with Hay in the stack, and stables and sheds for their animals, and Houses for themselves, on the most reasonable terms.

The Ranch is situated on the opposite side of the Fraser from that of Sumass, is on an island 6½ miles long by 4½ wide, is high and dry, no place where animals can mire, well protected from north winds, free from any kind of poison weed, and affords every facility, natural and artificial, for the accommodation of stock.

James Codville would also call public attention to the fact that he is prepared to furnish Hay at a very reduced price, and in quantities to suit all purchasers.

In returning thanks to the Public for past patronage, I am in hopes that the good condition in which I turned out animals on former seasons will secure for me a share of the Public patronage this coming winter.

Horse covers, pack saddles, and all rigging taken care of, and every satisfaction given for the least possible charge to those who may entrust their stock to me, or order Hay.

SATURDAY, FEBRUARY 2, 1867.

LEGISLATIVE COUNCIL.

The House met at 3 o'clock on Wednesday. Present the Honorables the Colonial Secretary, Attorney General, Chief Commissioner, Collector, Solicitor General, Brew, Ball, O'Reilly, Cox, McDonald, Young, Sanders, Helmcken, DeCosmos, Pemberton, Robson, Southgate, Stamp, Walkem and Smith.

The Hon. the Colonial Secretary in the Chair.

Minutes of last meeting read and confirmed.

Hon. Attorney General gave notice that to-morrow he would bring in a Bill of indemnity for not enforcing certain Vancouver Island imposts, and a Bill for assimilating certain of the laws of British Columbia and Vancouver Island.

Hon. Mr. Pemberton gave notice that he would ask that a copy of his Excellency's instructions and commission be furnished to the Council.

Hon. Mr. McDonald gave notice that he would bring in a Bill to amend the Victoria Incorporation Act.

Hon. DeCosmos gave notice that on Friday he would move an address to his Excellency asking him to instruct the hon. Collector of Customs to discontinue the collecting of duties between Victoria and all other ports of the colony.

Hon. Attorney General gave notice that to-morrow he would bring in a Bill to amend the Customs Act.

Hon. DeCosmos here objected to the voting on a notice of motion, citing the usage of the House of Commons as a reason why such a practice is objectionable.

Hon. Collector of Customs laid before the Council a draught of the reply to his Excellency's speech.

Hon. DeCosmos, moved and hon. McDonald seconded, that the Council resolve itself into a Committee of the whole on the reply, in order to give the members an opportunity of discussing it. Hon. O'Reilly in the Chair.

Hon. DeCosmos came to the Council in a friendly spirit towards the Government and members of the Council. He believed the officials and Heads of Departments were actuated by right feelings, and what errors they might make, would be errors of the head, not of the heart. He hoped that all sectional and local feelings and interests would give way to the promotion of the welfare of the colony.

Amongst the measures which his Excellency intends laying before the House are some of secondary importance, such as the Indemnity Bills, the disposal of Dredger, Assay Office, &c., but another class of measures, such as Retrenchment, Land Laws, Education, &c., are of much greater importance to the Colony. He thought that his Excellency had spoken plainly on the subject of retrenchment, and hoped that when the Estimates were laid before them they would not be cut and dried, but in deference to the opinion of the representatives of the people the Government would be willing to make concessions. In regard to the Supreme Court, he was surprised that nothing had been done to remove the discontent evinced by the people thro'out the colony at the actions of that Court. On the question of the seat of Government, his Excellency promises a message, and further says "that the interest evinced on that subject shows a local depression." If that is intended to apply to New Westminster it may be correct, but if to Victoria, he would most emphatically dissent from it. He felt disappointed that his Excellency had not proposed the carrying on of at least some public works, which, though absorbing small amounts of money, might greatly advance the welfare and progress of the Colony. On the subject of education, he was convinced that a free school system was one which would not only be the most beneficial to the colonists but would attract emigration, and he hoped to see it largely supplemented by the Government. The two all-important points which His Excellency had not touched on were, first, a new constitution for the United Colony; second, an industrial policy. The people expect a lawful share of representation, and although not in favor at the present time of an Upper and Lower House, he thought that an Assembly of 24 members, consisting of 8 nominative and 12 representative members, would be popular. He was surprised that the Government had made no movement in that direction. A Government cannot work well without the sympathy of the people.

There is nothing statesman-like in his Excellency's address; no improvement proposed, no attempt to add to the population, no attempt to find and absorb labor. There are three points of vital importance—retrenchment, a new constitution, and the stimulation of industry.

The hon. Mr. Helmcken moved, the hon. Mr. DeCosmos seconded, that the reply to the address be read and considered clause by clause.

The first six clauses were read and carried. On the reading of the seventh clause the Hon. Mr. Helmcken moved, seconded by the Hon. DeCosmos, the following addition: "That it is the general desire of the people that the seat of Government be at Victoria." The hon. gentleman said it was not supposition but a fact that the wish of the people generally was in favor of removing the seat of Government to Victoria, a fact which would be proved to the hon. members of this House by petitions that would be presented to them praying for such removal.

Hons. DeCosmos and Pemberton fully agreed with the first speaker.

Hon. Attorney General did not think this a proper time or place to bring up the subject of the seat of Government.

Hon. Chief Commissioner would vote against the amendment, as there was nothing in his Excellency's address to justify such a reply.

Hon. the Colonial Secretary opposed the amendment as illtimed.

Hon. Robson spoke in opposition to the amendment. The hon. mover told the House that general sentiment was in favor of the seat of Government being located at Victoria, and the evidence of this would soon be produced, and yet he asked the House to commit itself upon the issue. No stronger argument could be urged against the amendment than the assurance given by the hon. mover that the proof would soon be forthcoming. He (Mr. Robson) distinctly denied that general sentiment was in favor of removing the seat of Government to Victoria; but, be that as it may, it would ill become the House to commit itself upon a question respecting which evidence was promised.

Hon. Mr. Helmcken here withdrew his amendment, and the seventh and eighth clauses were then carried. The committee then rose and reported progress, and the report was adopted.

Hon. Attorney-General moved, hon. Mr. Walkem seconded, that the reply to his Excellency's address be at once transmitted to him. Carried.

Hon. Helmcken hoped the hon. Attorney General was prepared to answer the question, why Vancouver Island had only 7 representatives instead of 8.

Hon. Attorney General referred to the Constitution of 1863, in conjunction with orders in Council, the intent and meaning of which is that the Governor may appoint a less number of representatives, but he cannot appoint a greater. The union of Vancouver Island to British Columbia has made no alteration in the intent of the law, though increasing the representation to a maximum of 23. The Government having the arrangement of the electoral districts, there is nothing whatever in the act requiring a particular number of representatives from any particular part of the colony, and the Council would be perfectly legal if they were 5 or 8 short of the maximum number. Vancouver, however, had 8 representatives.

Hon. DeCosmos would like the hon. Attorney General to point out the 8 members, as he did not know them. If hon. Mr. Young sits here as Treasurer, then the Council is legal, but if he sits as Magistrate for Vancouver Island, there are 24 members, and the Council is illegal, and some gentleman is sitting here who has no right to do so.

Hon. Col. Secretary explained that there were only 22 members of the House without the Treasurer, and that Mr. Young sat there as a Magistrate, not as Treasurer.

Hon. Walkem said he had looked at the statutes and found that the hon. Attorney General had misconstrued them. It is not the intent, but the actual wording of the statutes we must abide by.

Hon. Robson said the legal phase of the question had been satisfactorily explained by the hon. Attorney General. There could be no doubt that his Excellency had the discretionary power of distributing the seats as he thought best, and of having fewer than 23 members. The question for the House to deal with now was, Had his Excellency abused the power with which he is invested, by giving an undue representation to any particular section. He (Mr. Robson) found that he had not; Vancouver Island had 8 seats in the House, and it did not matter so much in what capacity the hon. Mr. Young sat in that House. It was sufficient to know that he sat for Vancouver Island. He (Mr. Robson) was utterly at a loss to understand the evident anxiety of the two hon. members for Victoria City to exclude Mr. Young from the House. If the people of Victoria were appealed to as to whom they would desire to have as a third representative, he believed the almost unanimous voice would reply "Mr. W. A. G. Young." Why, then, all this carping about Mr. Young's rank, and persistant refusal to count, as a representative from the Island, a gentleman whose popularity and ability are admitted by all parties in Victoria?

A stop was here put to the debate by a motion to adjonrn till Thursday at 3 o'clock.

FRIDAY'S SITTING.

The House met at 1 o'clock, the hon. Colonial Secretary in the Chair. Present—Honorables the Attorney General, Chief Commissioner, Solicitor General, Collector, Brew, O'Reilly, Ball, Cox, Young, Sanders, Helmcken, DeCosmos, Pemberton, Smith, McDonald and Robson. The minutes of previous meeting were read and confirmed.

NOTICES OF MOTION.

Hon. Solicitor General Wood gave notice of a bill to provide for conciseness in drafting ordinances.

The hon. Chief Commissioner gave notice that he would introduce a bill empowering the Governor to extend the land law of British Columbia over Vancouver Island.

Hon. Dr. Helmcken gave notice that he would introduce a bill for regulating the Trades Licences, and a resolution to repeal the rule in the Standing Orders requiring the consent of the House to place a notice of motion on the books.

Hon. Mr. Robson gave notice of a resolution to repeal that portion of clause 61 of the Standing Orders, which alludes to the admission of the public.

PRESENTATION OF THE REPLY.

The hon. Presiding Officer informed the House that his Excellency was ready to receive the reply to his speech, whereupon the House adjourned during pleasure, and waited upon the Governor with the reply.

The House resumed at 2 o'clock, when the hon. the Presiding Officer read the reply, a copy of which will be found elsewhere.

The Indemnity Ordinance 1867 was read a first time, and the second reading set down for Friday.

The bill for assimilating the laws of the two sections was read a first time and the second reading set down for Tuesday.

Hon. Pemberton moved his resolution asking for the Governor's commission and instructions to be laid before the House. Seconded by hon. DeCosmos. Mr. Pemberton thought the people had a right to know what rules were laid down for the guidance of the Governor, and he had no doubt his Excellency would willingly supply the information. Hon. DeCosmos thought the House had a right to see the instructions, and he felt sure the Governor would readily comply with the request.

Hon. Robson, although in favor of the greatest publicity consistent with the interests of the public service, thought that the Governor's instructions were to a considerable extent confidential, and it would be placing both his Excellency and the House in a false position to ask for them in so general a way.

It was moved in amendment by hon. McDonald, seconded by hon. Robson, That his Excellency be asked to place before the House, copies of his instructions, in so far as the same related to the Constitution of the Colony and the construction of the House.

After some discussion the Amendment was carried.

The hon. Attorney General introduced the Customs Declaratory Ordinance, 1867, which contemplates the removal of doubts as to the legality of collecting duties, as a temporary measure, upon goods shipped from Vancouver Island to the mainland, such goods not having already paid duty.

The measure was strongly opposed, and at considerable length by the hons. DeCosmos, Helmcken, Pemberton and McDonald; the hons. Attorney General, Collector and Robson, speaking on the other side. The Bill passed a first reading, and the second reading was fixed for Friday.

Hon. McDonald introduced the Victoria Aid Incorporation Act, which was read a first time, and the second reading was fixed for Monday.

House adjourned till Monday at 2 o'clock.

A BASE AND MUDDY ATTEMPT.—Our slander-mongering contemporary of the Victoria *Colonist* says:—There are flying rumors to the effect that H. M.S. Malacca received serious injury while on her late trip to Fraser River, and that while lying off the New Westminster Camp her stern went aground and mud was pumped into her boilers. There is also a report afloat that the Malacca is so enamored of the Fraser that she will return to Westminster and lie opposite that town for a period of ten days." The rumors alluded to, if such really existed, are of too gross a character to "fly" any higher than the muddled brain of the individual who penned the item. As we stated, the Malacca, drawing 18 feet of water, passed the Sand Heads with three feet to spare, at the shallowest soundings. She lay at anchor opposite the Camp, nearer to the shore than usual, it is true, but still in six fathoms of water. Her stern might have swung into 27 feet; but even in that case we imagine it would require an unusually strong pump to raise mud "into her boilers!" That the Malacca will shortly return is, we believe, quite correct.

GOOD NEWS.—The news received from Cariboo through private sources is most encouraging.

REPLY TO THE GOVERNOR'S SPEECH.

To His Excellency Frederick Seymour, Governor and Commander-in-Chief of British Columbia and its Dependencies, Vice-Admiral of the same, &c., &c.

MAY IT PLEASE YOUR EXCELLENCY:

We Her Majesty's dutiful and loyal subjects, the Legislative Council of British Columbia, have received with pleasure the speech with which you have honored us.

We are fully sensible of the arduous and important duties devolving upon Your Excellency at this critical period in the history of the colony; and we shall not fail on our part to render every assistance in carrying out all measures calculated to promote the public welfare.

The Acts of Indemnity referred to by Your Excellency, and the Bills amalgamating the laws of the colony shall receive our most careful consideration.

We are gratified to learn that the Crown Lands of Vancouver Island are to be placed under the control of the Legislature. We trust that the reconveyance of the Island will be consummated with as little delay as possible, and that it will be followed by a general land system so liberal as to encourage immigration and settlement, and to foster our agricultural interests.

Conscious of the financial embarrassment of the colony, we learn with satisfaction that Your Excellency has caused the Estimates to be prepared with the strictest economy compatible with the efficiency of the Public Service.

Your Excellency having drawn the particular attention of the Council to the Assay Office and the Dredging Machine and Steamer, we venture to assure you of the earnest consideration with which these subjects shall be treated by the Council.

We desire to express our entire concurrence in the proposed measures for the Repeal of the Real Estate Tax in Vancouver Island, and for the assimilation of taxation throughout the Colony.

We shall look forward with anxiety to the Messages which Your Excellency has been pleased to promise us upon the important subjects of Education and the Seat of Government.

We are fully alive to the serious responsibilities which rest upon us in the discharge of our duties during the present session, and we beg to assure Your Excellency that the task imposed upon us will be cheerfully undertaken,—that the interests confided to us will be carefully guarded—and that in the promotion of all measures conducing to the advancement and prosperity of the Colony Your Excellency will meet with our most cordial co-operation. With Your Excellency we also venture to hope that the days of depression may soon pass away; and we confidently look forward to the wisdom of Your Excellency's Administration to stimulate industry, restore confidence, and dispel the present gloom, fervently trusting that, under the guidance of Divine Providence, Your Excellency's efforts may be crowned with success.

HIS EXCELLENCY'S REPLY.

Honorable Gentlemen of the Legislative Council:

I have received with much satisfaction the address which you have just presented.

I feel that the Government and the people are much indebted to you for devoting yourselves to the public service, at a time when your duties, like my own, must be unmixedly disagreeable.

I trust that when the Governor meets you next year he will be in a position to propose some works of improvement much more agreeable to entertain than the present labor of reduction and retrenchment.

THE FOG.—The *Colonist* makes quite a flourish over the fact that there was a dense fog here when the Enterprise arrived on Tuesday, but forgets to mention that the steamer was detained in Victoria harbor for one hour with a much denser fog than she encountered at the capital.

KOOTENAY. — The *Oregon Herald* learns that about 500 persons are wintering at the Kootenay mines, three-fifths of whom are Chinamen, and that during last season these mines yielded at least one-third more gold than any previous season. The supply of provisions is short, and, consequently, high prices obtained. Flour 50c; bacon 81; etc. The winter was unusually mild, and the miners calculated on an early spring.

PROPOSALS FOR A MAIL SERVICE.—We understand that Mr. S. W. Herring, who returned from San Francisco by the last steamer, was the bearer of proposals from another steamship company to undertake our ocean mail service, and that the same have been laid before the Government.

THE TELEGRAPH LINE still continues down, in consequence of which we have no later news to place before our readers this morning.

FROM CARIBOO.

Dietz & Nelson's Express arrived from Yale on Thursday night, bringing mails and express matter. From the *Sentinel* of the 15th January we glean the following:—A prospectus for a quartz Mill Company for Williams Creek has been issued. It is proposed to form under the Joint Stock Companies' Act, with a capital of $10,000, in 200 shares of $50 each, $30 payable on taking shares, the remainder to be subject to the call of the Company, at a rate of $5 a month until paid. The proposed capacity of the Mill is six stamps, with requisite machinery, capable of crushing 10 tons of quartz every 24 hours.——The cabin of Carpenter Bros. was broken into by some Chinamen, and several sacks of flour carried off. When about to be arrested by Officer Wilson, one of them committed an assault with a knife, and was duly committed for the offense.——Mr. G. Wilson has been appointed night policeman by the people of Barkerville, at a salary of $175 a month, raised by local subscription. The appointment is said to be an excellent one.——The funeral of H. J. Lions, who died on the 13th November, took place at the Catholic Church, on the 13th Jan. The body had been kept two months for the purpose of transmitting it to Victoria, but subsequent instructions from the friends of deceased led to a change of purpose. Lions was greatly esteemed during his residence on Williams Creek, and the funeral was very numerously attended.——A rumor was in circulation of a "rich strike" having recently been made a considerable distance from Williams Creek, but it lacked confirmation.——The colored part of the population celebrated the anniversary of the abolition of slavery in the United States of America, on the 1st January.——James Purdy, blacksmith at Richfield, was found dead in his bed on the morning of the 11th January.

FROM VICTORIA.

The steamer Enterprise, Captain Swanson, arrived from Victoria on Thursday, shortly after 1 o'clock, bringing the passengers and mails from the Active, which reached Victoria on Wednesday morning. The following news is condensed from the *Colonist*:—The Leech River flume is making satisfactory progress. About 20 men are engaged in mining, and are understood to be doing tolerably well.——Inspector Welsh, of the Police force had tendered his resignation.——Mr. Nicol declines to take his seat for Nanaimo in the Legislative Council of the United Colony.——The annual Missionary Meeting of the Wesleyans was held at Nanaimo on the 22d inst., when addresses were delivered by Rev. Dr. Evans, Mr. Crosby, Mr. Raper and others.——H. M. S. "Mutine" arrived at Esquimalt on Wednesday. She is 200 horse power and carries 17 guns.——Several articles drifted ashore, which gave rise to the suspicion that a ship had been wrecked in the Straits of Fuca.——Captain Porcher, R. N., was to deliver a lecture at the Mechanic's Institute, on Thursday evening.

BRITISH COLUMBIA CHAMBER OF COMMERCE.—It is already known that several preliminary meetings have been held with a view to organizing a Chamber of Commerce. At a meeting held last evening the institution was fully organized, and the following office-bearers elected for the ensuing year:—H. Holbrook, Esq., President; W. J. Armstrong, Esq., Vice-President; J. S. Clute, Esq., Secretary. Committee—James Cunningham, James Ellard, Hugh Nelson, T. E. Ladner, Esqs. The Constitution and Rules for the guidance of the Chamber were adopted and it is now in regular working order.

GONE.—The Marsh Troupe went down by the Enterprise yesterday. We are sorry to hear that the visit to the metropolis was not a financial success.

FOR VICTORIA.—The steamer Enterprise left for Victoria yesterday morning, and would connect with the Active.

FOR CARIBOO.—Dietz & Nelson's Express left early this morning, and will connect at Yale with Barnard's Cariboo Express.

QUITE OPEN.—The river is perfectly clear of ice between this and Yale, and the stage of water is most favorable for navigation.

THE LEGISLATIVE COUNCIL meets again on Monday at 2 o'clock.

THE WEATHER continues open and mild.

BIRTHS.

On Friday 25th January, at Yale, the wife of Mr. A. Barlow, of a son.

On Sunday, 27th January, at Yale, the wife of Mr. Edward Healey, of a daughter.

HOLLOWAY'S OINTMENT AND PILLS.—Additional testimony.—For the cure of coughs, colds, sweats, and incipient consumption, this excellent Ointment, rubbed upon the back and chest, aided by the internal use of Holloway's purifying Pills, stands unrivalled. Mr. J. Leonard, of Benbulben Grange, Sligo, writes: Sorry, sorry I am I did not use your Ointment and Pills in January last. The wondrous change they effected on me after one week's trial astonishes everyone, and encourages me to proceed till they have entirely cured my disease." This plainly expresses the power possessed by Holloway's remedies in checking the course of those chest disorders which, when slighted or improperly treated, entail much suffering and end unfavorably.

TOYS AND FANCY GOODS.—G. C. Clarkson & Co. having made large additions of the above Goods to their stock, any one wishing to make a present would do well to give them a call, as they have a great variety of nice, neat and natty articles of worth which are useful, and at the same time will please the eye and adorn a table or mantel-shelf.

CURE IS AT HAND!

HOLLOWAY'S OINTMENT

Scorbutic Eruptions, as Sore Heads and Scrofulous Swellings.

If this powerful Ointment be well rubbed into the parts affected, all skin disease will be speedily overcome. It acts not by repression, but repulsion. It enters the system as salt enters meat, and operates not locally only, but constitutionally purifying the whole system, neutralizing all depraved humours, and affecting a radical and complete cure. The Pills should be taken as an auxiliary to the Ointment, as they are so prepared as to act in unison with it, facilitating and confirming the conquest of the disease.

Diptheria, Ulcerated Sore Throat and Quinsey.

The above complaints have for twenty years been treated with Holloway's Ointment and Pills with complete success. The cures have been so remarkable, speedy and numerous, that these often fatal diseases are now easily cured by these medicines, than even the common sore throat, if taken in time.

The Kidneys, Stone and Gravel.

In these complaints, the Ointment almost acts like a charm, providing it is very effectually rubbed over the regions of the kidneys, which it will penetrate and give almost immediate relief, while the Pills should be taken according to the printed directions, when the most extraordinary cures may be effected by this means.

Bad Legs, Bad Breasts, Scrofulous Sores, and Glandular Swellings.

In such cases the Ointment operates surely and with a rapidity that resembles magic. It should be rubbed into the parts affected, after they have been fomented with lukewarm water. The purifying and curative powers of this marvellous unguent have never failed. Any old sore, wound or ulcer always yields to its influence, and in cases of bad breasts, or milk fevers, its action is wonderful. Glandular swellings may soon be reduced by following the printed directions.

The Action of the Heart. Dropsy.

The last named disease is commonly preceded by irregular action of the heart, and difficult respiration; which symptoms are always severe, and ever go from bad to worse, unless proper means of cure are resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the application of this famous Ointment, invariably results in a cure. They act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

Gout and Rheumatism.

May be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts, and this perseveringly done for some time. It is no use to smear it on the skin only, it must be got into the system. Take as many Pills nightly as will act two or three times during the 24 hours; eschew the use of coffee, and all stimulants. When these complaints are leaving the system, the virulence of the complaint frequently seems to increase.

Indiscretion of Youth.

Sores, ulcers and swellings can with certainty be cured if this Ointment be thoroughly rubbed all round the complaining parts twice or thrice a day, keeping them covered with linen rag spread with the same.

The Pills must be taken according to the printed directions. The blood being in an impure state, perseverance is necessary. From humane motives letters of advice will be answered gratuitously. To save carriage the Pills should be obtained in the neighborhood of the sufferer, and not from Holloway's Establishment.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Chapped hands,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore-throats,
Bunions,	Elephantiasis,	Skin-diseases,
Bite of Mosquitoes and Sand-flies,	Fistulas,	Scurvy,
	Gout,	Sore-heads,
Coco-bay,	Glandular Swellings,	Tumors,
Chigo-foot,		Ulcers,
Corns (soft),	Lumbago,	Wounds,
Cancers,	Piles,	Yaws.
Chilblains,	Rheumatism,

NOTICE.

CODVILLE LANDING!

Important to Packers, Stock Drivers, and the Public in General.

THE Public are respectfully informed that James Codville, of the wide renowned Codville Landing Ranch, is prepared to receive any number of animals and cattle to ranch this coming winter, on the most liberal terms.

Large Reductions from the regular price made in favor of trains.

Persons intending wintering their own stock can be accommodated with Hay in the stack, and stables and sheds for their animals, and Houses for themselves, on the most reasonable terms.

The Ranch is situated on the opposite side of the Fraser from that of Sumass, is on an island 6½ miles long by 4½ wide, is high and dry, no place where animals can mire, well protected from north winds, free from any kind of poison weed, and affords every facility, natural and artificial, for the accommodation of stock.

James Codville would also call public attention to the fact that he is prepared to furnish Hay at a very reduced price, and in quantities to suit all purchasers.

In returning thanks to the Public for past patronage, I am in hopes that the good condition in which I turned out animals on former seasons will secure for me a share of the Public patronage this coming winter.

Horse covers, pack saddles, and all rigging taken care of, and every satisfaction given for the least possible charge to those who may entrust their stock to me, or order Hay.

AGENTS.—DIETZ & NELSON, New Westm'er.
A. BARLOW, Esq., Yale.

HOLLOWAY'S PILLS

To Purify the Blood.

These Pills have been placed by the common consent of mankind at the head of all remedies for removing obnoxious poisons from the blood, and cleansing all the tissues of the body. They have saved thousands year after year from falling a sacrifice to the effects of dyspepsia, dysentary, diarrhœa, constipation, liver complaints, &c., as is attested by myriads of witnesses. Excessive weakness and debility, the warnings of decreasing organic energy and vital decay, are restored and reanimated with vigor and healthful action in every organ throughout the system, by the restorative and exhilirating influence of this medicine.

Female Complaints.

All disorders of the sex, and diseases in every crisis perilous to the life and health of woman, youthful or aged, married or single, may be radically and quickly cured without risk or trouble, by a few doses of these Pills, taken according to the printed directions.

Indigestion with languor and want of energy.

When taking these Pills, rub Holloway's celebrated Ointment over the pit of the stomach, and over the regions of the liver, on the right side under the ribs, and you will at once experience a change for the better in your digestion, spirits, appetite, strength, and energy. The improvement, though it may be gradual, will be thorough and lasting.

DROPSY.

The efficacy of Holloway's Pills in dropsy is extraordinary. They act with such peculiar effect upon the system, that the fluids arising from this direful disease are imperceptibly carried off and prevented from any further accumulation. The sufferer regains a buoyancy of spirits and rejoices in a completely renovated constitution; but it is indispensably necessary that the Ointment should be most effectually rubbed into the complaining parts.

Stomach, Liver, Kidneys and Bowels.

Those who suffer from bile and liver complaints, should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, removing all impurities, giving a healthy action to the liver; if bilious attacks be allowed to continue, serious casualties may arise, and the sufferer be consigned to a bed of sickness. In all disorders of the Kidneys, the Ointment should be well rubbed into the small of the back, once or twice a day; and the Pills taken in unison, will cure any complaints arising from these organs.

Puffy,—Shortness of Breath with Weakness.

Very bad symptoms, which if not corrected, may tend to some serious disorders of the heart, or other vital organs. Eat moderately of solids, take six Pills nightly for some little time; take plenty of fresh air with moderate exercise, and the human machinery will be quickly restored to health and vigor. Try this but for three days only, and the result will be marvellous.

Complaints Incident to Children.

All complaints of children may soon be cured if care be taken to purify their blood, correct the action of the liver, and cleanse the stomach and bowels: a few doses of these famous Pills will immediately have the desired effect, particularly if parents be careful in not allowing them to eat of things which they know would be injurious to themselves.
